John Hansen, Former Resident, Passes

Death claimed John Hansen, 66 years, of Oakland, former resident, who died last week at Peralta Hospital in Oakland following a brief illness from a heart affection.

Hansen, when he lived in Pleasanton, had a cracker route for the American Biscuit Company, which is now the National Biscuit Company. When he moved to Oakland he went into business for himself and started the Hansen coffee business in 1902. He operated the same until his death. His two sons, Rudolph and Carl, have been associated with him in the business.

Aside from his two sons, Rudolph and Carl, Hansen is survived by his widow, Mrs. Emma Hansen of Oak-

Funeral services were held at the Chapel of the Chimes in Oakland Saturday afternoon.

Cattle Range Lands Program for 1937 Similar to That of 1936

The range conservation program | association's office, according to for 1937 has been outlined by the Smith. Soon arter application is Agricultural Conservation Association in Washington and will follow along lines similar to those of 1936, according to S. E. Smith, secretary of the Alameda County Agricultural Association, 858 B Street, Hayward.

Range-building practices under the 1937 program have some changes as compared with those of 1936. The first and most important difference is that before a livestockman executes an improved practice it must first be approved by the county committee, and that these improved practices must be established according to the specifications outlined by the administration. Detailed information regarding range improvement practices can be secured from the local association head-

Practices and Payments The following are the practices and payments made on such practices in Alameda County:

Development of springs and seeps, \$50 per spring.

Twenty-five cents per cubic foot will be paid for storage in tanks or troughs to be piped or used in other parts of the ranch. \$1 a linear foot will be allowed to deepen existing

Construction of earthen pits and reservoirs, 15c per cubic yard. Drilling and digging wells, \$1 per

linear foot. Range fencing, 30c per rod.

Deferred grazing, where native vegetation can be restored, 35c per animal unit for each month of deferred grazing, providing the operator does not permit his remaining range land to be overgrazed.

For the establishment of fireguards, not less than six feet in width, by plowing furrows or otherwise exposing the mineral soil. 4c per 100 linear feet. For the establishment of fireguards on perennial brushland prior to June 1, 1937, not less than 8 feet in width, by slashing and removing the brush, 12c

per linear foot. Any range-building payments, according to Smith, which livestockmen may earn, will depend upon the range-building allowance for the range. This is determined at the rate of \$1.50 per animal unit for the grazing capacity of the range. Under the 1936 program, this rate was \$2 per animal unit. An animal unit for this program means one cow or horse, five sheep or goats, or

BILLY MINK LIVES HIGH

BILLY MINK was living high. Yes, sir, Billy Mink was living high. For the first time in his life he didn't have to hunt for his meals. Whenever he became hungry all he had to do was to slip out from under the woodpile, and there was a meal waiting for him. Of course it hadn't taken Billy long to find out where those meals came from. KNOW THYSELF by DR. GEORGE D. GREER

If You Can't Remember Something, Are You More Likely to Recall It If You Concentrate on It, or If You Forget It for Awhile?

STRANGELY enough, it seems to make matters worse when we try to force ourselves to recall something that is "gone" for the time being. We scratch our heads think hard, but nothing comes. We would recall the thing much sooner and more certainly if we would dismiss it from our minds for awhile, then return to it later. Dr. Knight Dunlap, in his book, "Habits," goes so far as to say that any real effort at recalling something actually delays the return of the forgotten thing to our minds, and, in addition, produces bad effects upon our minds

It seemed to me that I saw a flutter of curtain at the window. But to this day I cannot be sure; yet Bruce must have looked out to see who was coming. But very clearly I heard, just as Patrick was nearing the house, the sound of a shot.

That sound did not perturb me. Instantly I jumped to the conclusion that Berry had killed one of the noisome starlings on which we were all warring. But apparently Patrick did not think of starlings, for instantly he broke into a run. As I have said before, Patrick had always been an all-round athlete and he could sprint. Way of Life and Love

We are all either stretching or shrinking. Our world, home, work, business is becoming bigger or less. None can stop still. A business that does not grow ceases to pay dividends; a shopkeeper that does not continue to get new customers may well shut shop. A man who does not accumulate ideas and visions is donning old age, however few years he has lived, for age is not a matter of years. The woman with no friends cannot live like the woman with a large circle of friends. By adding there is growth; but subtracting there is death and stagna-

THIS MAY BE TREASON—BUT IT'S TRUE

Looking over the reproductions of paintings in the Andrew W. Mellon collection, as shown in a Sunday paper, one comes to the conclusion that millionaires must have some way to spend their money—instead of giving it to those who helped them earn it—or doing something really useful with it. That is about all the use the old paintings are—just something to be sold at a price that ordinary people can not pay. They serve the same purpose—only in a more expensive degree—of any other kind of antique. Nine tenths of the old pictures in any art gallery are absurd caricatures showing so-called likenesses of members of the human race that make one wonder if such ill-formed people every really existed.

As a matter of fact, the bulk of the pictures on the covers and within the covers of modern magazines are much better in every respect than the "old masters"—just the same as the bulk of almost anything else today is better than the bulk of the things made in a bygone age. A modern painter couldn't get by by producing the kind of portraiture featured in the Mellon collection, and for two reasons. One of these is that people just wouldn't like his pictures and the other reason is that no aura of age would lend enchantment to them—an enchantment that gives exaggerated values to the product of some other "golden age" than that of the present.

Mellon's gift of his \$50,000,000 collection of paintings to the government may be a most generous gesture, but a gesture that can come well within the means of a Mellon. There are many ways, however, in which \$50,000,000 could be spent to better advantage, and if so spent wouldn't leave everyone with a headache-which is the usual reward which one reaps from a visit to an art gallery—or any other kind of a museum.

And along the same line as the above, we are reminded of the farmer who was watching an artist who had come to a sylvan glade to paint. After watching the wielder of the brush and holder of the palette for a time, and comparing the result of the painter's skill with the scene he was trying to reproduce on his canvas, the farmer said: "Taking a picture with a camera would be a lot quicker." And after another period of observation and rumination, the farmer added: "And a heap more like it."

And talking about gifts to the government: It seems that tax on this gift of Mellon's can be avoided. However, for a long time, certain interests have been wanting to give the government a formula for synthetic rubber—something that some day might be of more value than an art gallery. However, because of the high value placed upon the formula, and because of the high gift tax which the government would exact from the donors, the gift has never been made, because the donors can not see why they should pay the government for the privilege of giving it something.

Don Varsity Defeats Livermore Varsity Cagers

In a close and hard-fought basketball game played at the Livermore Union High-School gym Tuesday evening, the Amador Varsity defeated the Livermore High Varsity by a score of 24 to 20.

Dons Play Albany Here Tonight

The Amador Dons will play the Albany High teams at the Amador gym tonight.

gym tonight. Amador and Albany varsity teams are tied for third place in the league standing, Livermore is first and Emerville second.

Merchants Win One and Lose One

The Pleasanton Merchants defeated the Native Sons basketball team of Hayward by a score of 20 to 19 in a game played at the Hayward High School gym Monday evening. Bob McCoy was highpoint man, with a total of ten points. The lineup was McCoy and George, f; Vater and Vervais, g; and Hewitson, c.

Defeated by Democrats

The Pleasanton Merchants were defeated by the Democratic Club team of Hayward by a score of 34 to 29 in a game played at the Amador gym Wednesday evening. The first half of the game the Hayward team ran up a large score on the local boys. In the second half the local boys began scoring freely and closed up the gap until they were trailing by one point. However, in the last few minutes of play Hayward managed to score a few more baskets to win the game

The game was close and exciting from beginning to end. Livermore maintained a slim lead up until the final quarter. Early in the final quarter Campagna and

Regalia started making a number of lucky shots, through which they gained the lead which they held until the end of the game. It was not until this quarter that the Dons really began clicking and scoring freely. During the first part of the game the Dons were too nervous and tense.

Stevenson, who played a good game at center, went out of the game in the third quarter on four personal fouls, and Campagna, who also played a good game, went out on four personal fouls a few minutes before the game ended. Alviso of Livermore also went out of the game on four personal fouls in the

The lineup for the Don Varsity was as follows: Shotwell and Campagna, f; Stevenson, c; Paulo and Regalia, g; substitutes, Safreno and Sanchez.

B Team Defeated

The Amador B Team was defeated by the Livermore High B team by a score of 19 to 27.

In the first half of the game the teams played on fairly even terms, but in the last half Livermore scored freely and ran up a big lead over

The lineup for the B team was F. Hatheway, c; Curdy and B. Schmidt. f; Molina and Potvin, g; and Mc-Cann, J. Frost, and D. Azevedo, sub-

Local Man Fined for Drunk Driving

Charles Bonde of Pleasanton was fined \$100 at the Pleasanton Justice Court Tuesday morning by Judge Manley Clark of Livermore when he pleaded guilty to drunken driv-

Bonde, accompanied by Harry Oxsen of Pleasanton, is alleged to have been driving his large sedan when it crashed head-on into a coupe driven by Joseph Avilla of Pleasanton, on Main Street in front of the Rose Hotel in Pleasanton, Sunday evening at about 7 o'clock. Avilla was accompanied by his wife. No one was injured, with the exception of Mrs. Avilla, who received bruises about her body. Avilla was traveling north on Main Street and Bonde was going south. The cars were not badly damaged.

Following the accident, Bonde and Oxsen were taken into custody by Chief of Police John Delucchi for being drunk.

Arrested For Being Drunk Oswald Barzan, who had been employed at the Ruby Hill Vineyard and who completed his work there Wednesday, was arrested for being drunk on the streets of Pleasanton by Chief of Police John Delucchi Wednesday evening. He pleaded guilty before Judge Manley Clark Thursday morning and was sentencto pay \$10 fine or work five days on the streets of Pleasanton. He chose to work.

PRESBYTERIAN CHURCH NOTES

(Rev. Addison S. Moore, Pastor)

Sunday Subjects

The first fight—who started it? who won? Why is this story told in the Bible? These questions will be answered in the children's sermon next Sunday morning. Sunday-school children who stay for this service will be dismissed at about 11.15.

If everyone would only abide by the golden rule, then heaven would be on earth, one man says. I would try to practice the golden rule if the others would, says another. If all the other nations would disarm and act like christians, we could disarm, and then peace would come. But we can't unless they all do. says a third. What can one man do, anyhow? This will be the subject of the morning sermon at the First Presbyterian Church, Sunday, February 21.

Christian Endeavor Notes

A program committee of Genevieve Andresen, chairman, Elaine Lund, Alice Taylor, Connie Frost, Rex Johnson, and Jeanette Huested was appointed in C. E. last Sunday. The committee will meet for the first time, Sunday, February 21, at 6.30 p. m., to arrange for leaders and the program for the coming

The first social of the season for the members of the Christian Endeavor, will be held in the home of Mr. and Mrs. Moore, 100 Neal Street. Saturday evening of this week at 8 o'clock. Bob Davidson, chairman of the committee, promises eats and lots of fun at this social. He also says this will be just the first of bigger and better ones to come.

The anthem which Mr. and Mrs. McCormick have picked out for the C. E. to sing at the Palm Sunday service is most beautiful. It will be lots of fun to practice this every Sunday evening.

Tennis Tournament

The first round of the tennis tournament is to be played off this week. The deadline is sundown of February 21, unless rain makes it impossible to finish. Report the results of all matches to Miss Jeannette Huested, manager, as soon as play is finished. This round-robin tournament will run for ten or twelve weeks, according to the schedules posted in the church last

Midweek Meeting

The next meeting will be held in the home of Mrs. Ernest Grimm, 311 Third Street, on February 25. 7.45 p. m. The scripture will be the second chapter of the Gospel of Mark. Lots of singing. Lots of good fellowship. Come.

At High School

Arthur Cole, who has worked his way on a tour around the world, addressed the student body of the Amador Valley High School at an assembly held Tuesday afternoon. He concentrated his talk on "Alaska to the Antipodes and Oriental Adventures". Cole gave a very interesting account of his tour and how he worked his way. He is especially interested in journalism, and expects to enter a college in the future and continue his studies. He attended the University of Pennsylvania for a short time before making his tours, but had to discontinue his studies because of the depres-
